Dear Oakwind residents,

The Oakwind Events Committee is working on many projects to bring our community together to celebrate different occasions. Our first project is to create a neighborhood directory and e-mail list. We hope that the directory will enable us to efficiently communicate neighborhood events, announcements, and news letters at a minimum cost. Your information will be kept private, including your e-mail addresses, and will only be used to communicate matters of our community. Note: this is not the same directory as the one on our web site.

Name: \_\_\_\_\_  
Name: \_\_\_\_\_

We hope to communicate our community events and announcements via e-mail; however, if you do not have access to an e-mail address or a computer please let us know so we can make other arrangements.

***We would like everyone to participate!***

You can E-mail, Mail or Drop off the information we need and any suggestions to the events committee at:
